

Heimer Pure Single Grain South African Whisky

Hold a measure of authentic hand-crafted Qualito Heimer Craft Whisky up to the light.

Drink in hues reminiscent of a Lowveld sunset or the heartwarming coals of a Rooikrans campfire. These rich golden tones are the gift of time.

Our Whisky slumbers in barrels of red wine oak before being perfected by oak flakes added by our master distiller to each individual bottle before further maturation.

With the passage of time, notes of hazelnut and butterscotch flow gently into each other just like the Olifants and Gai Selati Rivers come together in this beautiful valley that we call home.

The result is a perfectly balanced pure grain whisky of distinctive quality and exceptional smoothness.

In keeping with the finest traditions of craft-distilling, we omit modern chill-filtering.

When you add ice, or water a haze might appear like a gentle mist on a Phalaborwa spring morning.

Enjoy.

Heimer Pure Single Grain South African Whisky.

As welcoming as the coals of a Rooikrans campfire
